Meet a Crysler author

Rencontre d'une auteure de Crysler

G. C. Julien is an award-winning author of gritty, young adult fiction and dark dystopian stories driven by strong female characters. One of her most cherished works, *The Feral Sentence*, has captured the hearts of thousands of readers.

When she is not having animated discussions with the characters in her head, G. C. Julien can be found gaming, playing acoustic guitar, or painting characters from comics, movies, or video-games to be given to family and friends.
